

Contemporary Non-Surgical Root Canal Treatment: What Works & What Doesn't

Professor Ove A Peters *DMD MS PhD*

Endodontic treatment has been very successful in retaining natural tooth that is otherwise lost. However, the best instrument alone will not guarantee treatment success without a solid treatment rational based on the eradication of the endodontic micro-organisms.

Periapical lesions are caused by the complex interaction between the micro-organisms and the host defense, which results in bone resorption. Removal of the causative agents will result in radiographically visible healing. Long-term success is underpinned by prevention of leakage and timely placement of an appropriate permanent restoration.

The so-called endodontic triad are the root canal preparation, disinfection and obturation. In these three areas, specifically technology has made great strides, including the use of the operating microscope, electronic apex locators, nickel-titanium rotary instruments and warm gutta percha obturation. This course aims to get interested clinicians up to speed with the latest in endodontic technologies.

Professor Ove Peters is a co-Chair and program director at the Arthur A. Dugoni School of Dentistry in San Francisco. He received his postgraduate education in endodontics at the University of Zurich and at UCSF and is a Diplomate of the AAE. He has published more than 150 manuscripts and abstracts related to endodontic technology and biology. He has received the Hans Genet Award of the European Society of Endodontology and more recently the Louis I. Grossman Award of the American Association of Endodontists is currently on sabbatical leave at the UQ School of Dentistry in Brisbane.

Friday 25th May 2018 – Full Day Lecture (Note: Includes Lunch)

Time: 8:30am - 5:30 PM Lunch at 1:00 pm

VENUE: ADA House, 54-58 Havelock Street, West Perth

REGISTRATION FORM AND TAX INVOICE

ABN 91 478 820 059

Please register online at <https://asewa.org.au/event-2698372> or complete this registration form and return before 5.00pm 18/5/2018- by post or email to ASEWA Secretary below. This form will become a Tax Invoice upon the payment of the required Fee. Please keep a copy for your own financial records.

ASE (WA Branch) Professor Ove Peters 25th May 2018 meeting.

Registration Fees (GST Inclusive). Please tick the appropriate box to indicate your status:

- | | | | |
|--|------------------|---|------------------|
| <input type="checkbox"/> ASE Member: | \$ 370.00 | <input type="checkbox"/> Non ASE member: | \$ 450.00 |
| <input type="checkbox"/> P/G Endo Students: | \$ 100.00 | <input type="checkbox"/> DMD Dental Student: | \$ 100.00 |

Payment method - please tick the appropriate box

- Cheque enclosed and payable to: **ASE (WA Branch) Inc.**
- Direct Deposit (Please include your name in the payment reference details):
Acct Name: **ASE (WA)** BSB: 066 124 Acct No. 1005 9299

Name: _____ Phone: _____

E-mail: _____

Please complete this registration form and return **before 5.00 pm Friday 18th May 2018** - by post or email to:

Dr. Michael Nguyen
